

22 December 1981

Capt. George Griffin  
Commanding Officer  
Naval Regional Medical Center  
Okinawa

Dear George,

As I begin my second year as Chief of FBIS Okinawa, I would like to take the opportunity to personally thank you for all the help, assistance, and highly professional service you and your fine staff have given to FBIS employees and dependents. The awareness that such a well-staffed and well-equipped facility as yours is available for care and treatment is a source of comfort to the FBIS Okinawa population in general, and is very gratifying to me in particular.

While it would be impossible to cite all the individuals who have assisted in large and small ways, I would be remiss if I didn't single out Dr. George Looney for a special note of appreciation. Dr. Looney's skill, as well as his understanding, in treating several serious cases is well recognized within the FBIS community and I would like to thank him personally.

I realize that the consistent first rate performance and high degree of responsiveness by the entire staff of NRMC with whom we have been associated reflects the leadership and management ability of the commanding officer and, George, I salute you for this. We at FBIS Okinawa wish you and all your staff best wishes for a satisfying and rewarding 1982.

Sincerely,

  
Chief, FBIS Okinawa
